Website: My site is usually #1 in local search for ice cream truck. Email accounts and email history. Customer lists.

Financials will be dealt with privately.

21 Years in business. With 1 truck and 1 pushcart rental, working 7 days a week, with zero advertising, you can do at least 120k in sales in 6 months and net about ½ of that. Scaling with 2 trucks and a 2nd cart you can do well. The 2nd truck, 2002 Ford is almost ready to hit the road. My business doesn't drive on the streets. We only do pre-booked parties and events. Haven't driven on a street since 2010. The Ford is painted red, white and blue. I was going to have it wrapped but to invest 6k into a wrap only to have someone remove it seemed ridiculous to me.

I have had customers for 19 years and many repeat customers. Many schools, businesses, organizations, etc. Weddings, Birthdays, Graduations, Customer Appreciations, Employee Appreciations, Company picnics, commercial shoots, media appearances, etc.

Asking \$35,000 or best reasonable offer. Not looking to sell just the trucks or cart but the whole business.

I am located near the 190/290 Split in Tonawanda. I work out of my home. My location is ideal for minimal and quick travel to most of my customers in the Northtowns and Southtowns. With prepackaged novelty ice cream you do not need a commissary or commercial kitchen. The 2002 Ford was originally going to be set up with scooped ice cream, milk shakes, sundaes, shaved ice and novelties. Now it will only have 2 chest freezers for novelties. Contact via email at chillybillysicecream@gmail.com as I am too busy to talk on phone during the day.
